NOT ONE DROP

BETRAYAL & COURAGE IN THE WAKE
OF THE EXXON VALDEZ OIL SPILL

A Public Lecture
by Dr. Riki Ott
Author of "Not One Drop"

Also featuring Dr Lance Barrett-Lennard
Killer Whale Scientist at the Vancouver Aquarium

For more than 3 decades BC's sensitive
northern waters have been protected
by a moratorium on crude oil tankers.

All that will change if a proposed pipeline is built to carry
tar sands oil to BC's north coast—opening the door for a
"Canadian Exxon Valdez" disaster.
